## Dilshad Khan

Founder & CEO – K2Developers | Web Developer & Digital Marketer

## Professional Summary

I am a dedicated web developer and digital marketer with a passion for building impactful online experiences. As the founder of K2Developers, I have successfully established a company that provides high-quality web development and digital marketing services to clients across Pakistan and Iran. My journey reflects a commitment to resilience and learning, transforming personal challenges into professional success.

After sustaining a spinal cord injury in 2017, I overcame adversity by immersing myself in technology and honing my skills in web development and digital marketing. Despite a four-year break from formal education, I returned to academics at Allama Iqbal Open University while simultaneously building K2Developers into a thriving business.

## Skills and Expertise

- Web Development (HTML, CSS, JavaScript, Node Js, React js, and other programming languages, responsive design)
- Digital Marketing (SEO, SEM, content strategy)
- User Experience (UX) & Accessibility
- Project Management & Client Relations
- Cross-Border Business Operations (Pakistan, Iran)

## Key Achievements

- Founded and currently lead K2Developers, providing services to a global market, including Pakistan and Iran.
- Successfully developed and launched numerous websites with a focus on user experience and accessibility.
- Strategized and executed digital marketing campaigns to help businesses grow their online presence.

"By choosing to hire me for your project, you'll not only receive exceptional results, but you'll also be contributing to my professional growth, making a meaningful impact on my journey."
